You deserve the bathroom you want -- done right.
Why take a chance?

Nu-Bath® Bath products are designed to provide
you the very best value in bathroom remodeling.

ELEGANT & ECONOMICAL REMODELING

The bath or shower remodel of your dreams!

That old, out-dated and worn-out bathroom is getting harder to clean by the day. But, who wants to be stuck with a shoddy contractor, high costs and weeks without a bathtub? You know you want an easy to clean, beautiful new bathroom and you know you need it. What you don't need is the mess, hassles, and stress. You'll love the peace of mind and quality of a Nu-Bath Bath or Shower system.

Our state-of-the-art manufacturing, proven track record of customer satisfaction, competitive pricing, combined with the shiniest and most durable bath and shower systems makes Nu-Bath systems the only logical choice.

The best part is you'll save thousands.

"To put it simply, I love my new bathroom. Now I make sure that the shower curtain is open to show off the entire bathroom. My tub looks brand new and the surround is beautiful. My bathroom is clearly the classiest room in my house. Thanks for your professional and caring service."

-- Mrs. Swenson

Are you in need of an easy to clean bath or shower?

Customer Satisfaction for over 20 years

Let us make your life a little smoother and safer.

Over the years, pores and miniature scratches in the porcelain surface provide little crevasses in which dirt, grime, soap scum and more can “hunker down” and escape your scrubbing. No matter how much you scrub and scrub, it won't come clean.

The end of health concerns.

2 out of 3 older porcelain bathtubs manufactured before 1978 leach dangerous lead into the bath water every time you bathe. The mold and mildew in your traditional bathroom fixtures and wall materials can lead to a variety of health hazards, such as respiratory illnesses, asthma, skin rashes and allergic reactions. You don't want that for your children, grandchildren, or yourself. Not a problem with the Nu-Bath system. The same 100% non-porous surface that eliminates hard scrubbing also eliminates the problems of lead, mold and mildew. No worries! Isn't that the true definition of relaxation?

Beautiful today, beautiful tomorrow.

Every other bathroom solution is almost engineered to go dull over time. Imagine the thrill when you drain your tub, and it still shines. You'll love the ease and tranquility that comes with a beautiful new Nu-Bath Bath system that is super easy to clean.

Peace of mind.

Nu-Bath systems are engineered for durability, beauty and savings so that you get the peace of mind that comes from doing it right the first time. Nu-Bath systems makes your home safer than using any alternative. You'll love the safe, carefree comfort and the peace-of-mind that comes from the thickest and strongest bath and shower system in the industry.

THERAPEUTIC BATH SYSTEM

The difference comes shining through.

When you compare Nu-Bath Systems with any other, you see there is no comparison. And since there is virtually no difference in cost (Nu-Bath is actually less expensive many times), why would you ever settle for an inferior product?

FEATURE	HIGHLIGHT	BENEFIT	Nu-Bath	Others
Acrylic	Retains Heat Better	Bask in the relaxing pleasure of a luxurious bath that seems to stay warm forever.	✓	No
4x harder Crosslinked Acrylic		Super Easy-to-clean More resistant to daily use so you can enjoy your Nu-Bath system for many years.	✓	No
3x thicker Crosslinked Acrylic	More durable	You get to relax and enjoy a carefree bath system that's more durable than other bathtubs so it can last a lifetime.	✓	No
Exclusive TruLok Seal	3-way Bond	You get the strongest bonding sealant in the industry so you won't have to worry.	✓	No
12% more shine	Looks beautiful	Your in-laws and friends can't help but notice the sparkle in your bathroom. After all, with the Nu-Bath system you get more shine. Whether you tell them how easy it is to maintain is totally up to you.	✓	No
Non-Porous Acrylic	Easy to clean	You'll be amazed and thrilled when you discover just how easy your Nu-Bath system is to clean – there are no pores for dirt and germs to hide.	✓	No
Encapsulates leaching lead	Keeps your family safe	Keep your children safe, healthy and smart because 2 out of 3 older porcelain bathtubs leach lead into your bath water.	✓	No
Computerized manufacturing	High quality	You get the strongest, thickest, slip resistant and highest quality bath and shower system.	✓	No

Hydrotherapy Jet Massage

A total of 10 water jets massage the body, eliminating pain-causing lactic acid in the muscles, while helping to relieve body aches and inflammation.

Air Bubble Therapy

18 air spa jets release thousands of tiny bubbles creating a gentle, caressing massage, improving circulation. Warm air bubbles increase buoyancy, making tired muscles weightless and relieving tired joints.

Color Chromatherapy

The use of colored lights in water improves one's mood and enhances relaxation. Chromatherapy is used for stress, insomnia and seasonal affective disorder.

Aromatherapy

A selection of scents are available which release neurochemicals in the brain that result in relaxation or invigoration, depending upon the essential oil chosen.

Ozone Therapy & Purification

Ozone purifies the water and aids in healing skin conditions. Ozone enhances oxygen intake as well. This low density ozone has an oxidizing effect that actually disinfects the water.

Design your bath and shower for safety and beauty.

Bathrooms can be the most dangerous room in the house – especially for senior citizens.

- Over 70% of home accidents happen in the bathroom.
- Over 75% of slip-fall deaths occur to people 65 years or older.
- 1/3 of the slip-fall accidents to seniors result in serious injury taking away their mobility and independence.

To stay safe and independent, look at the potential hazards in your home. Redesigning your bath and shower area can be the single most effective way to reduce the possibility of serious injuries in your home. We can make your life easier and safer with special products designed for comfort, safety and independence.

- > **Walk-in Bathtubs** (various sizes and options to fit your needs)
- > **Walk-in Showers** (custom made to your bathroom situation)
- > **Safety Accessories** (All units includes a strategically placed grab bar)

As you consider your new bathroom, now is the best time to design it for beauty, ease, comfort and safety. Nu-Bath Bath products allow you to enjoy luxurious, massage soaks or relaxing showers without the fear of an awkward bathtub barrier – a 16” step that feels like a mountain. You’ll love the easy entry of all our safety solutions.

“Just wanted to know how pleased we are with our new walk-in bathtub. You put in a lot of effort making sure things were done right and on time. It is refreshing to have honest and excellent work done in our home.”

-- Mr. & Mrs. Jackson
